Dairymen 2021 - Focus On: Continental cheese

by Nick Hughes (nick@nickhugheswriting.com)

Submissions deadline: **26 July**

Publication date: 4 September

Who are the UK dairies producing continental-style cheese?

How much are they motivated by/capitalising on Brexit-related importing difficulties?

What are the cheeses they're making?

How big an industry is import substitutions of continental cheese?

And how are suppliers getting around protected status of varieties such as buffalo mozzarella and halloumi?

NPD: We Identify four recent or impending continental cheese innovations. Brands should supply product details of new launches including launch date, rsp and stockists plus image.
